耶和華是我的力量，是我的盾牌；
我的心倚靠他，我就得到幫助；
所以我的心歡樂。
我要用詩歌頌讚他。

The Lord is my strength and my shield;
my heart trusts in him, and he helps me.
My heart leaps for joy,
and with my song I praise him.

• About Us

會所簡介

必列者士街會所於1918年落成，命名為『中央會所』，是全港第一間有室內運動場、室內泳池、懸空鑲形跑道、大禮堂、健身房、餐廳及宿舍的會所。由落成至1966年為止，是香港中華基督教青年會的總部，於2009年獲古物諮詢委員會評估為一級歷史建築物。

必列者士街會所經歷一百多年的變化，配合全會資源調配，由社工輔導服務為主導的服務模式轉變成以康體服務為主線的非津助青少年服務中心。然而，會所亦堅守本會服務宗旨，為中、上環區青少年、家庭及社區人士提供多元化、高質素及具意義的服務，藉此使其身、心、靈得以健康成長和發展。Bridges Street Centre, formerly known as Central Building, was built in 1918 as the first self-financed premises of Chinese YMCA of Hong Kong. The building was well-equipped with modern facilities at that time, including the first indoor swimming pool in Hong Kong, indoor sports ground, overhead jogging track, assembly hall, fitness room, canteen and hostel. It was used as the headquarters of the Chinese YMCA of Hong Kong until 1966. In view of its historical and architectural merit, Bridges Street Centre was accorded Grade I status by the Antiquities Advisory Board in 2009. The Centre has experienced over a century of change, shifting its major services from social work counseling to non-subsidized recreation and sports. Upholding the YMCA values and mission, the Centre aims to provide a diversity of high-quality and meaningful services to youth and families in the Central and Western District, fostering holistic personal growth and development in "body", "mind" and "spirit".

THE NEW RACE TO SPACE

Have you ever dreamed of going to space? Ever wondered how it would be like to contemplate the earth from above, or being an astronaut? If the answer to these questions is a loud: "Yes!", the latest events will probably get you excited.

If you are unfamiliar with the idea of space tourism, names like SpaceX, Virgin Galactic and Blue Origin may not mean much to you. These three companies, created in the early 2000s by famous billionaires, are currently in their new competition, the new space race, to provide a service that was unimaginable decades ago: Commercial flights that bring people to the edge of space, allowing them to glance at the universe, witness the curvature of the earth, experience weightlessness and have a once of a lifetime experience.

On 11 July 2021, Virgin Galactic went on the lead with an accomplishment that marked a milestone for humanity. On that day, its founder Sir Richard Branson embarked with five more crew members in the first trial of a commercial flight to space. The flight lasted a total of 1.5 hours and reached a height of 86 km, enjoying six minutes in space. This may have been the first trial of a commercial flight to space, but it was surely not the last one. On 20 July 2021, Jeff Bezos, founder of Blue Origin, was riding his rocket, along with three more crew members, reaching a height of 106 km in a flight that lasted no more than 11 minutes.

The first steps have been made and future flights are already scheduled to take place later this year. Humankind's capabilities and its achievements will never stop amazing us, and as Sir Richard Branson said when in space:

"...To the next generation of dreamers, if we can do this, just imagine what you can do!"
